

Applications are invited for submission of Research Projects in High Priority Areas of Health for funding by PMRC

In a continuing effort to encourage the health research in the country the PMRC invites research projects for funding in high priority areas of health wherein the country's National Health Programs are working. The maximum limit for the grant is **0.3 Million**. The theme for the projects should be chosen in the following priority areas:

1. Expanded Program on Immunization (EPI)
2. AIDS Prevention & Control
3. Nutrition
4. Hepatitis Prevention & Control
5. Blindness
6. TB Control
7. Malaria Control
8. Maternal, Neonatal & Child Health (MNCH)
9. Family Planning and Primary Health Care
10. Lady Health Workers (LHW) Problems, Assessment & Evaluation
11. Food Fortification
12. Trauma Prevention and Care

Project shall be approved after peer review by PMRC Expert Panel and recommendations of PMRC Technical Advisory Committee.

Please prepare comprehensive research projects up to a budget of Rs. 0.3 Million and submit 2 hard copies and a soft copy to PMRC Head Office for approval and funding. The application form for submission of research scheme is available at PMRC website www.pmrc.org.pk under the heading “[download](#)”. A checklist is also available on the website, which should be followed for submission of research projects.

One basic salary shall be given as the honoraria to Principal Investigator and Co-Investigator for full length of the project. However, if the project is of less than one year duration then ½ basic salary shall be given. Other instructions are given in the checklist.

One page CV of Principal Investigator (PI) & Co-PI should also be submitted along with the project (sample CV is available on website).
